## **REPORT 2021-22**

With the vision of the Chancellor of this Karunya Institute of Technology and Sciences, Dr. Paul Dhinakaran, the Karunya Centre for Community Academia Collaboration – KCCAC was initiated on 9<sup>th</sup> September 2021. The major intent of this centre is to make the students realize and feel the ongoing pain of the villagers nearby. Out of compassion, when they will start having the burden to solve the Human Problems, beautiful solutions are expected. Various clubs at Karunya, NSS, other extension activities, research centres and SEESHA (Non-Profit Organization) are joint together as one face towards finding solutions and societal growth as KCCAC.

The KCCAC accommodates all student members and the concerned faculty program coordinators in 9 Clubs. They are:
