

## **Rose Dayana Mary**

I am thrilled to share my incredible journey as a B.Tech in Biotechnology student at Karunya Institute of Technology and Sciences. Coming from Bangalore, I knew I wanted to pursue a career in Biotechnology, and my time at Karunya has been nothing short of transformative.

Throughout my academic tenure at Karunya Institute of Technology and Sciences, I was exposed to a world of knowledge and experiences that have profoundly impacted my personal and professional growth. The diverse and engaging curriculum combined with hands-on learning opportunities has expanded my horizons, sparking my passion for Biotechnology even further. I actively participated in research projects and laboratory experiments, allowing me to bridge the gap between theory and practice and prepare me for the challenges of the real world.

I am immensely grateful for the exceptional faculty members who have been a constant source of inspiration and support. Their unwavering dedication to nurturing our potential and their willingness to go the extra mile to ensure our success have made all the difference. From guiding us through complex concepts to encouraging innovative thinking, they have not only been teachers but also mentors and role models. I am also indebted to the caring and efficient administrative staff for creating a warm and welcoming environment that made the entire learning experience even more enriching.

The state-of-the-art facilities and resources provided by Karunya Institute of Technology and Sciences have been instrumental in enhancing my learning journey. The well-equipped laboratories and research centers have allowed me to conduct experiments with the latest technologies, keeping me at the forefront of advancements in the field of Biotechnology. The extensive library resources have been invaluable in expanding my knowledge and conducting in-depth research for various projects and assignments.

In conclusion, my time at Karunya Institute of Technology and Sciences has been nothing short of extraordinary. The institution's commitment to academic excellence, combined with a nurturing and inclusive atmosphere, has helped me grow into a confident and skilled Biotechnologist. I am proud to be associated with this esteemed institution, and I am eager to take what I have learned here and apply it to make a meaningful impact in the world of Biotechnology. Thank you, Karunya, for shaping me into the professional I am today.
