The policy for the placement of the eligible students for 2011-2012 is as follows.

- All eligible students will be given a chance to appear in one Core Company & one Software Company.

- Students already placed in Software Companies will be given a chance to appear for placement in one Core company only.

- These students, if not selected by the Core Company, will not be given any more chances, in order to give fair chance to non-placed students for employability.

- However, additional chances for this category of students, may be given, exclusively by the Director of School or HoD, for a very few students only, as a special case, for placement in DREAM COMPANIES of great reputation, in order to enhance the image of the University.
