About the Venue
Karunya University, formerly Karunya Institute of Technology and Sciences (KITS) was established in 1986 by the founders Dr. D.G.S. Dhinakaran and Dr. Paul Dhinakaran. Making rapid progress ever since, the institute has now grown into a full fledged university winning recognitions and awards on its way. The Institution has excellent academic, research, and extra-curricular facilities effectively utilized by well-qualified and dedicated faculty and over 8500 students. UG, PG, and PhD programmes are offered in varied fields of Engineering, Management, Technology and Sciences.

The English Division of Karunya University has pioneered in introducing communication skills, Technical and Business English at theoretical and practical levels in the curriculum. It strives to impart high standard language and soft skills training by using the latest technology and best possible innovations in teaching and assessment.

National Testing Service, CIIL, Mysore, India
Centre for Testing and Evaluation of Central Institute of Indian Languages (Ministry of HRD, Government of India), Mysore evaluates the requirements of the country for academic auditing and quality maintenance. It endeavors to establish benchmarks in terms of academic targets to be achieved at every level of education as a step towards creating a centralized mechanism for quality control. NTS-India has 60 Regional Field Units covering 30 regions across 18 states.

About the proposed event
Though students learn their subjects and take up the final examination, it has been a recurrent event in the professional and higher educational context that they do not convert their learning into workable knowledge. One of the reasons for this problem could be lack of systematic assessment of knowledge acquisition and communication skills. In this context teachers’ role both in the areas of imparting knowledge and providing language skills is of paramount importance. It is implied that the teachers have to provide both subject matter and language. It is possible only if we have effective assessing methods to evaluate the communicative competence of learners. The short term training will provide the required skills for the teachers to assess students effectively.

Objective of the Workshop:
- To train the participants to plan appropriate assessment tools to evaluate the learners’ knowledge of the subject matter
- To guide the participants to evaluate the language skills of the learners

Dates of the workshop: 29 -31, October 2012
Venue: Seminar Hall, S&H, Karunya University
No of participants: 40 (first come first served basis)
Registration fee: Rs. 100 (includes lunch, transport and workshop kit for three days)
Who can participate?
Schools / College teachers
