

**IEEE sponsored
National Workshop on
Basics of Antenna Design using HFSS**

23rd January 2020

REGISTRATION FORM

Name: -----

Designation: -----

Affiliation: -----

E-Mail: -----

Mobile No: -----

Contact Address: -----

Amount Transfer -----

Date: -----

Signature

NOTE:

Kindly do electronic fund transfer to KITS bank account using this link:

ORGANISING COMMITTEE

CHIEF PATRON

Dr. Paul Dhinakaran,
Founder & Chancellor, KITS

VICE PATRON

Dr. P. Mannar Jawahar,
Vice-Chancellor, KITS

Dr. E. J. James,

Pro Vice-Chancellor, KITS

Dr. Ridling Margaret Waller,

Pro Vice-Chancellor, KITS

Dr. (Prof.) T. Lazar Mathew,

Pro Vice-Chancellor, KITS

CO-PATRON

Dr. R. Elijah Blessing,
Registrar, KITS

Dr. Prince Arulraj,

Dean (E&T), KITS

CONVENER

Dr. D. Nirmal, HOD-ECE

ORGANISING SECRETARIES

Dr. M. Nesasudha, Department of ECE

Mr. Merlin Gilbert Raj S, Department of ECE

Mrs. Shine Let G, Department of ECE

Mr. Doondi Kumar Janapala, JRF-ECE

**FOR FURTHER DETAILS PLEASE
CONTACT**

Dr. M. Nesasudha,
Department of Electronics and Engineering
Karunya Institute of Technology and Sciences
Karunya Nagar, Coimbatore – 641 114
Tamil Nadu.

Phone: +91-9443010445/+91-9488175836

Email : nesasudha@karunya.edu

**IEEE sponsored
National Workshop on
Basics of Antenna Design using HFSS**

23rd January 2020

Thursday

Organized by
**Department of
Electronics and Communication
Engineering**
Karunya Institute of Technology and Sciences
*(Declared as Deemed to be University under Sec.
3 of the UGC Act 1956)*
AICTE Approved & NAAC Accredited
A Christian Minority Residential Institution
Coimbatore – 641 114
Phone: 0422-2614393
www.karunya.edu/ece

ABOUT THE INSTITUTE

Karunya Institute of Technology and Sciences (KITS) was established in 1986 by the founders Dr. D.G.S. Dhinakaran and Dr. Paul Dhinakaran. Making rapid progress ever since, the Institute has now grown into a Institute of Technology and Sciences winning recognitions and awards on its way: Best Engineering College in Tamilnadu (1996), first-ever autonomous self-financing college (2000), and Deemed University (2004). The Institution has excellent academic, research and extra-curricular facilities effectively utilized by well-qualified and dedicated faculty and over 8500 students.

DEPARTMENT OF ECE

It is established in the year 1986 with an intent of raising highly qualified engineers and researchers who can make substantial contribution to the field of Electronics and Communication Engineering. The Department has well equipped laboratories with latest software. Karunya-IOT centre is established in the department in collaboration with Texas Instruments and INTEL. Currently, funded projects to the tune of 1.7 Crores funded by various R&D organizations, Government of India have been carried out in the programme. The objective of the department is to train students with good scientific and engineering breadth so as to comprehend, analyze, design, and create novel products and solutions for the real life problems. The department actively collaborates with industries such as Texas Instruments, Salzer Pvt Ltd, Jasmin Info Tech, Einnel Technologies and Intel Technology India Pvt.Ltd.

Vision of the department: Raising leaders who can make substantial contribution in the field of Electronics and Communication.

Mission of the department: To raise engineers and researchers with technical expertise on par with international standards, professional attitudes and ethical values with the ability to apply acquired knowledge to have a productive career and empower spiritually to serve humanity.

PEO1: Graduates will apply their technical knowledge in the areas of Electronics and Communication Engineering for real world applications.

PEO2: Graduates exhibit competence as academicians, researchers by pursuing continuous professional development.

PEO3: Graduates with professional ethics will contribute to the development of the society as entrepreneurs, consultants and in various other leadership positions.

About ANSYS HFSS

ANSYS HFSS is 3D electromagnetic (EM) simulation software for designing and simulating high-frequency electronic products such as antennas, antenna arrays, RF or microwave components, high-speed interconnects, filters, connectors, IC packages and printed circuit boards. Its offer high performance full-wave electromagnetic (EM) field simulator for arbitrary 3D volumetric passive device modeling that takes advantage of the familiar Microsoft Windows graphical user interface. It integrates simulation, visualization; solid modeling and automation in easy-to-learn environment where solutions to your 3D EM problems are quickly and accurately obtained. ANSYS HFSS employs the Finite element method (FEM), adaptive meshing and brilliant graphics to give you un-parallel performance and insight to all of your 3D EM

problems. ANSYS HFSS can be used to calculate parameters such as S-parameters, Gain, and Radiation pattern.

Outline on Workshop Agenda

- ✓ Introduction to HFSS
- ✓ Steps involved in Modeling
- ✓ Design of Basic Antenna Model
- ✓ Boundary Conditions
- ✓ Excitations(Port Assignment)
- ✓ Analysis & Solution Set-up
- ✓ Parametric Study & Results

HOW TO APPLY?

Complete the filled-in registration form along with online transfer details on or before 20th January 2020. Faculty Members, Research Scholars and PG students from Engineering Colleges and Universities are eligible to attend.

REGISTRATION LINK

<https://goo.gl/forms/z1mbq5FjpQtNb5C63>

- ✓ Selection will be on first-come- first serve basis
- ✓ No. of participants: 20
- ✓ Selection intimation will be sent via email on or before 21st January 2020

REGISTRATION FEES:

Rs. 750/-
